

A Health Check-Up for Foam

Consumers want to know: "Is the foam certified?"

CertiPUR-US® is a not-for-profit certification program for foam used in bedding products and upholstered furniture. When you see the CertiPUR-US® seal, you can be confident that the flexible polyurethane foam inside meets CertiPUR-US® standards for content, emissions, and durability, and has been analyzed by independent, accredited testing laboratories.

CertiPUR-US® approved foams are:

- Made without ozone depleters
- Made without PBDE flame retardants
- Made without mercury, lead and other heavy metals
- Made without formaldehyde
- Made without phthalates regulated by the Consumer Product Safety Commission
- Low VOC (Volatile Organic Compound) emissions for indoor air quality (less than 0.5 parts per million)

NOVUS SOY FOAM

THE SUSTAINABLE FACE OF FOAM • Helping us meet our present needs without compromising the ability of future generations to meet theirs.

GO GREEN! The new foam that uses renewable raw material alongside of traditional petrochemicals.

There's now a clear competitive edge to working "greener" and Novus is the type of product that your customers want, if not demand. Increasingly, buyers are changing the way they do things and the companies they deal with, based on their own green and ethical agenda. Novus foam begins to address these environmental concerns and gives you the opportunity to show that your business listens to its customers and acts on their views.

- Novus can help cut the carbon cycle because it uses less energy to manufacture than foam produced from petrochemicals.
- 23% reduction in total energy demand.
- 61% reduction in non-renewable energy use.
- Natural seed oils are abundant, renewable resources. Once harvested, plants like soy grow back quickly, consuming carbon dioxide – one of the key greenhouse gases – as they do so.
- Performs to the same high standards as our Ultra Foam.
- Is hypoallergenic
- Passes California TB-117-2013 fire code.
- Novus is a bold and exciting concept: a 21st Century product whose time has come.
