TERMS & CONDITIONS

All shipments are made C.O.D. unless credit has previously been approved.

Terms for open accounts are Net 30 days. Balances on accounts of more than 30 days past due are subject to a service charge of 1-1/2% per month which is the annual percentage rate of 18%. Balances 30 days past due will be changed to C.O.D. until account is brought current.

CHECKS: Any checks returned by your bank because of insufficient funds or account closed, will be assessed a $20.00 charge and account will be changed to cash only.

UPS SHIPMENTS: On UPS orders of $250.00 or more to areas not covered by our company trucks in UPS zones 2 and 3, Albany Foam & Supply will cover half the cost of UPS freight. Not all items are eligible for this discount. For C.O.D. shipments add $12.90.

DELIVERY: Most orders delivered by our company truck that total at least $150.00 will receive free delivery. Orders scheduled to be delivered by our truck under $150.00 will be subject to a $15.00 delivery fee or UPS charges, whichever is less. C.O.D. orders shipped via UPS will also be subject to an additional $12.90 fee. To avoid paying the UPS C.O.D. charge we recommend using a credit card for your transaction.

RETURNED MERCHANDISE: Merchandise may not be returned without prior permission. When permission is given and the error in shipping was through no fault of ours, there will be a service charge of 15%. Sales on all tools are final.

SHORTAGES AND DAMAGE: All claims or shortages must be made immediately on receipt of the merchandise.

PRICES SUBJECT TO CHANGE WITHOUT NOTICE

The constant fluctuation of steel, oil and chemical prices has made it impossible for us to quote firm prices in our March 2013 catalog. The prices listed will give you a general idea of the cost of each item on the date of this printing.

When you place your order, **please call our Toll Free Customer Service Number at 1 (800) 235-0888 for current pricing.** Thank you very much for your understanding on this matter.

CUSTOM ORDERS

We are happy to fabricate custom sizes and shapes in foam, down cushions, pillows and mattresses if you don't see what you need in the catalog. Call for estimates and lead times. We do not take custom orders over the phone. Requests for custom work must be submitted in writing. No exceptions.

Please fax your custom work orders to 1 (866) 844-3626 1 (866) 844-**FOAM** or email them to sales@albanyfoam.com.

CertiPUR-US®

A Health Check-Up for Foam

Consumers want to know: "Is the foam certified?"

CertiPUR-US® is a not-for-profit certification program for foam used in bedding products and upholstered furniture. When you see the CertiPUR-US® seal, you can be confident that the flexible polyurethane foam inside meets CertiPUR-US® standards for content, emissions, and durability, and has been analyzed by independent, accredited testing laboratories.

CertiPUR-US® approved foams are:

- Made without ozone depleters
- Made without PBDE flame retardants
- Made without mercury, lead and other heavy metals
- Made without formaldehyde
- Made without phthalates regulated by the Consumer Product Safety Commission
- Low VOC (Volatile Organic Compound) emissions for indoor air quality (less than 0.5 parts per million)

EZ-Dri

EZ-Dri polyether-polyurethane foam outdoor cushions dry almost immediately after exposure to rain, salt spray, melting snow, morning dew, washing, or other forms of moisture and humidity. Large, open pores permit maximum water drainage and air circulation, allowing use quickly after being wet or even saturated. With EZ-Dri outdoor cushioning materials you can offer your customers the best of both worlds – long lasting wear and comfort combined with extremely fast drying properties.

Consider these advantages for your outdoor recreational cushions – and your customers:

- **Sheds water like a sieve,** yet provides the seating comfort of a foam. Large, completely open pores (reticulation) permit rapid draining and maximum air circulation for fast drying.
- **Unique proprietary formulation** enhances strength and durability for long term exposure to sun and inclement weather.
- **Resistant to most chemicals** including most cleaning agents, solvents, alkalies, and acids *(bleach may cause rapid discoloration)*. Built-in fungicidal additive inhibits fungus, mildew – important for retarding stain and odor.
- **Compound shapes for unusual cushion designs** may be easily fabricated. EZ-Dri cushions can be shaped the same as conventional foam.
- **Resilient, "springy" characteristics enhance comfort; EZ-Dri** cushions may also be lightly overwrapped with non-woven fiber padding for extra plushness. After wrapping, test cushions to ensure proper drainage. Adjust padding density as necessary. Pores should not be blocked with adhesive.

CUSTOM DOWN & FEATHER CUSHION DEPARTMENT

Our 19th Year

We can custom manufacture down & feather cushions to your specifications.

Our cushions are constructed using a high-grade 230-thread count down-proof ticking. All fabric panels in the cushion are the same hi-grade ticking. We do not use lesser grade fabrics on the parts that go unseen. The down & feather fill is completely contained in a ticking envelope that is baffled to keep the fill from shifting. The inner cores are protected from the down & feather fill and can be changed without disturbing the fill. All seams are turned in for a smooth finish.

Choose a foam core, spring core or all down & feather.

Choices of down and feather blend include:

- 25% down/75% feather
- 50%/50%, or
- 80% down/20% feather.

We can also fill cushions with:

- holoslick polyester fiber or
- fiber/down which is a blend of half holoslick fiber and half 25% down/75% feather.

Foam core: our most economical and popular cushion.

Spring core: Traditional springs are long lasting and resilient

All down & feather: *(no core)* our softest, plushest cushion, does need fluffing.

**Down and feathers in border is standard on cushions 4" border and thicker.*

How to Order a Down Cushion

Due to the custom work needed on each cushion order, requests for down cushions must be submitted in writing. We require that you mail templates or fax your down cushion sketches with dimensions and specifications to our customer service department at:

Albany Foam & Supply
1355 Broadway, Albany, NY 12204

or

Toll-Free FAX 1 (866) 844-3626

We make an allowance when manufacturing custom cushions. We need your finished cover dimensions including:

A width across the front

B width across the back

C depth

D boxing *(band or border)*

If your cushion is a tee-cushion we will also need:

E depth of tee and

F width between the arms

Your cushion insert will arrive slightly larger than the dimensions of your cover. Please call with any questions before ordering.
