## Foam Cutters

### ONE MOVING BLADE & ONE FIXED BLADE

1507054A **Acu-Cutter 350**  
**Foam Queen Cutter**

The Acu-Cutter 350 Foam Cutter is lightweight and easy to use. The flexible blade can easily handle sharp corners. Cutting T or L shaped cushions is a breeze with this durable saw. You no longer need to fear shaping cushions for chair backs or dining room formal seating. This saw can help you tackle any shape.

Uses a detachable, low profile base with Delrin glide rollers for a smooth cutting surface. The Acu-Cutter base can be removed to produce precise angle cuts or sculpting.

Powered by a 4.5 amp Black & Decker JS 500 jig saw motor\*, with variable speed switch with locking mechanism for hold or release use.

Saw comes fully assembled "ready to use out of the box", plug in and go. All replacement parts are sold separately and in stock for same day shipping.

The Acu-Cutter 350-8" saw has been on the market for over 15 years. Customers love the versatility and reasonable pricing. They easily slice through polyfoam and foam rubber materials with quality precision. However, this saw is not built for cutting styrofoam.

Acu-Cutter products are perfect for quick and accurate foam slicing. Say goodbye to sore arms and destroyed foam. Investing in a high quality foam cutter will improve your efficiency and give you professional results.

### DUAL BLADES – RECIPROCATING

1507045A **Acu-Cutter 500**  
**Foam Cutter Dual Moving 8" Blades**
