Terms & Conditions

All shipments are made C.O.D. unless credit has previously been approved.

Terms for open accounts are Net 30 days. Balances on accounts of more than 30 days past due are subject to a service charge of 1-1/2% per month which is the annual percentage rate of 18%. Balances 30 days past due will be changed to C.O.D. until account is brought current.

CHECKS: Any checks returned by your bank because of insufficient funds or account closed, will be assessed a \$20.00 charge and account will be changed to cash only.

UPS SHIPMENTS: On UPS orders of \$250.00 or more to areas not covered by our company trucks in UPS zones 2 and 3, Albany Foam & Supply will cover half the cost of UPS freight. Not all items are eligible for this discount. For C.O.D. shipments add \$14.50.

DELIVERY: Most orders delivered by our company truck that total at least \$150.00 will receive free delivery. Orders scheduled to be delivered by our truck under \$150.00 will be subject to a \$15.00 delivery fee or UPS charges, whichever is less. C.O.D. orders shipped via UPS will also be subject to an additional \$14.50 fee. To avoid paying the UPS C.O.D. charge we recommend using a credit card for your transaction.

RETURNED MERCHANDISE: Merchandise may not be returned without prior permission. When permission is given and the error in shipping was through no fault of ours, there will be a service charge of 15%. Sales on all tools are final.

SHORTAGES AND DAMAGE: All claims or shortages must be made immediately on receipt of the merchandise.

Prices Subject To Change Without Notice

The constant fluctuation of steel, oil and chemical prices has made it impossible for us to hold firm prices in our catalog. The prices listed are accurate as of the date of this printing.

When you place your order, **please call our Toll Free Customer Service Number at 1 (800) 235-0888 for current pricing.** Thank you very much for your understanding on this matter.

Custom Orders

We are happy to fabricate custom sizes and shapes in foam, down cushions, pillows and mattresses if you don't see what you need in the catalog. Call for estimates and lead times. We do not take custom orders over the phone. Requests for custom work must be submitted in writing. No exceptions.

Please fax your custom work orders to 1 (866) 844-3626 **1 (866) 844-FOAM** or email them to sales@albanyfoam.com.

All foam sheets are marked on the end with a colored stripe.

Green = Soft • Red = Medium • Blue = Firm • Black = Extra Firm

A Health Check-Up for Foam

Consumers want to know: "Is the foam certified?"

CertiPUR-US® is a not-for-profit certification program for foam used in bedding products and upholstered furniture. When you see the CertiPUR-US® seal, you can be confident that the flexible polyurethane foam inside meets CertiPUR-US® standards for content, emissions, and durability, and has been analyzed by independent, accredited testing laboratories.

CertiPUR-US® approved foams are:

- Made without ozone depleters
- Made without PBDE flame retardants
- Made without mercury, lead and other heavy metals
- Made without formaldehyde
- Made without phthalates regulated by the Consumer Product Safety Commission
- Low VOC (Volatile Organic Compound) emissions for indoor air quality (less than 0.5 parts per million)

0208023A	Verti Fiber Bottom Pad • 3.75 oz. sq. ft.	
	1.5 x 75 x 79	
0108033A	4 3/4 x 27 1/4 x 52 1/4 Bonded Dacron	
	Densified fiber, firm. Great for outdoor cushions.	
	1 Sheet	

EZ-Dri

EZ-Dri polyether-polyurethane foam outdoor cushions dry almost immediately after exposure to rain, salt spray, melting snow, morning dew, washing, or other forms of moisture and humidity. Large, open pores permit maximum water drainage and air circulation, allowing use quickly after being wet or even saturated. With EZ-Dri outdoor cushioning materials you can offer your customers the best of both worlds – long lasting wear and comfort combined with extremely fast drying properties.

Consider these advantages for your outdoor recreational cushions – and your customers:

- **Sheds water like a sieve**, yet provides the seating comfort of a foam. Large, completely open pores (reticulation) permit rapid draining and maximum air circulation for fast drying.
- **Unique proprietary formulation** enhances strength and durability for long term exposure to sun and inclement weather.
- **Resistant to most chemicals** including most cleaning agents, solvents, alkalies, and acids (*bleach may cause rapid discoloration*). Built-in fungicidal additive inhibits fungus, mildew – important for retarding stain and odor.
- **Compound shapes for unusual cushion designs** may be easily fabricated. EZ-Dri cushions can be shaped the same as conventional foam.
- **Resilient, "springy" characteristics enhance comfort**; **EZ-Dri** cushions may also be lightly overwrapped with non-woven fiber padding for extra plushness. After wrapping, test cushions to ensure proper drainage. Adjust padding density as necessary. Pores should not be blocked with adhesive.

EZ-Dri Soft

	1-3	4+ sheets

Albany Foam stocks over 1,500 additional upholstery supplies for quick delivery

CUSTOM DOWN & FEATHER CUSHION DEPARTMENT

Our 19th Year

We can custom manufacture down & feather cushions to your specifications.

Our cushions are constructed using a high-grade 230-thread count down-proof ticking. All fabric panels in the cushion are the same hi-grade ticking. We do not use lesser grade fabrics on the parts that go unseen. The down & feather fill is completely contained in a ticking envelope that is baffled to keep the fill from shifting. The inner cores are protected from the down & feather fill and can be changed without disturbing the fill. All seams are turned in for a smooth finish.

Choose a foam core, spring core or all down & feather.

Choices of down and feather blend include:

- 25% down/75% feather
- 50%/50%, or
- 80% down/20% feather.

We can also fill cushions with:

- holoslick polyester fiber or
- fiber/down which is a blend of half holoslick fiber and half 25% down/75% feather.

Foam core: our most economical and popular cushion.

Spring core: Traditional springs are long lasting and resilient

All down & feather: (*no core*) our softest, plushest cushion, does need fluffing.

*Down and feathers in border is standard on cushions 4" border and thicker.

How to Order a Down Cushion

Due to the custom work needed on each cushion order, requests for down cushions must be submitted in writing. We require that you mail templates or fax your down cushion sketches with dimensions and specifications to our customer service department at:

Albany Foam & Supply

1355 Broadway, Albany, NY 12204

or

Toll-Free FAX 1 (866) 844-3626

We make an allowance when manufacturing custom cushions. We need your finished cover dimensions including:

- A** width across the front
- B** width across the back
- C** depth
- D** boxing (*band or border*)

If your cushion is a tee-cushion we will also need:

- E** depth of tee and
- F** width between the arms

Your cushion insert will arrive slightly larger than the dimensions of your cover. Please call with any questions before ordering.

DOWN and FEATHERS and KAPOC

		Measured 1-30 lbs.	Bulk – Approx. 33 lb. Bags	100+ lbs.

A Jet Age Solution for an Age Old Problem!

1507050 Filler Bazooka

Now fill cushions, pillows, and pillowbacks. The Bazooka literally sucks the loose fill into the cushion or pillow being filled in seconds. Save time and money with this high performance jetstream.

- Can be used with down, kapok, shredded foam, styrofoam pellets and other loose material.
- Operates with 80 lbs. of pressure.
- Bright, lightweight Aluminum - 2" outside diameter, 30" length.

We Believe in Speedy Delivery

CUSTOM DOWN & FEATHER DEPARTMENT

For Today's Look and Feel

We can custom-make any cushion to YOUR specifications

- Any size and shape
- Any blend of down and feather
- Any core or down and feather throughout
 - Spring unit core
 - Foam core

**See page 20 for details*

CUTTING MACHINES

Foam Cutters

ONE MOVING BLADE & ONE FIXED BLADE

1507054A **Acu-Cutter 350** **Foam Queen Cutter**

The Acu-Cutter 350 Foam Cutter is lightweight and easy to use. The flexible blade can easily handle sharp corners. Cutting T or L shaped cushions is a breeze with this durable saw. You no longer need to fear shaping cushions for chair backs or dining room formal seating. This saw can help you tackle any shape.

Uses a detachable, low profile base with Delrin glide rollers for a smooth cutting surface. The Acu-Cutter base can be removed to produce precise angle cuts or sculpting.

Powered by a 4.5 amp Black & Decker JS 500 jig saw motor*, with variable speed switch with locking mechanism for hold or release use.

Saw comes fully assembled "ready to use out of the box", plug in and go. All replacement parts are sold separately and in stock for same day shipping.

The Acu-Cutter 350-8" saw has been on the market for over 15 years. Customers love the versatility and reasonable pricing. They easily slice through polyfoam and foam rubber materials with quality precision. However, this saw is not built for cutting styrofoam.

Acu-Cutter products are perfect for quick and accurate foam slicing. Say goodbye to sore arms and destroyed foam. Investing in a high quality foam cutter will improve your efficiency and give you professional results.

DUAL BLADES – RECIPROCATING

1507045A **Acu-Cutter 500** **Foam Cutter Dual Moving 8" Blades**

The Acu-Cutter 500 Foam Cutter is lightweight and easy to use. The flexible blade can easily handle sharp corners. Cutting T or L shaped cushions is a breeze with this durable saw. You no longer need to fear shaping cushions for chair backs or auto upholstery. This saw can help you tackle any shape.

Uses a detachable, low profile base with Delrin glide rollers for a smooth cutting surface. The Acu-Cutter base can be removed to produce precise angle cuts or sculpting.

Powered by a 4.5 amp Black & Decker JS 500 jig saw motor*, with variable speed switch with locking mechanism for hold or release use.

Saw comes fully assembled "ready to use out of the box", plug in and go.

BOSCH ACCESSORIES for Bosch Foam Cutter

Bosch foam rubber cutter motor has been discontinued by the manufacturer. Blades, guides and foot plates are still available for a limited time.

1507025A **Set 8" Blades**

1507026A **8" Blade Guide**

1507069A **Set 12" Blades**

1507077A **12" Blade Guide**

1507039A **Foot Plate**

Easy-Handling Tuffy Cloth Cutting Machine

503K-2 "TUFFY"

1507091A **Tuffy Electric Shear**

Tuffy's Unique Features Include:

- A light 1150-gram plastic body for easy handling.
- A heptagonal upper blade that with the lower blade prevents fabric slipping for accurate cutting of any type fabric.
- Continual sharp, clean cuts on all fabric, thick or thin.
- Simple push button starting and automatic sharpening.
- Easy operation by simply holding the switch bar gently.

Useful Applications

Tuffy adds flexibility in cutting for everyone; apparel manufacturers, dressmaking schools to professional tailors. Any type of material sample, from difficult one-piece patterns to layered patterns of expensive fabrics are easily cut with Tuffy.

Jobs easily handled include:

- All types of fabric liners such as knit, silk, cotton, hemp and so on.
- Interior materials such as carpet and curtains.
- Thin vinyls, leathers, or even car seats.

Wood Glues

Franklin White Glue

Franklin White Glue sets fast, dries clear and bonds strongly on wood, paper, leather, natural fabrics, pottery, foam and many other porous and semi-porous materials. Safe for children, it is odorless, nontoxic and nonflammable. Hands, tools and clothing rinse clean with water.

1201002A **Gallon**

Titebond Wood Glue

Titebond Wood Glue grabs fast, aligns easily, sets fast, and is unaffected by lacquers, varnish and sealers. Titebond Wood Glue is paintable, won't soften or gum up when sanded, and bonds stronger than the wood itself. Nontoxic, nonflammable. Excellent on all porous materials.

BUTTONS

Clinch Back

This Back type can be used in the same die as any of the other Back types. Tufting with prongs is fast and easy requiring no special skills. The prongs are secured by simply bending them 90° after insertion.

1001026A	Clinch Washers 5 grs
1001007A	#22 Clinchback
1001008A	#30 Clinchback

Tack Back

To be used with your own tack or nail. These sets consist of a collet (back) with a hole to fit your requirements, a paperboard wad to hold the nail securely in the button and a standard shell for the size ordered. Collet is placed in the bottom die, your nail is dropped into the hole, covered with the wad and the shell is then applied normally.

AFS Brand Adhesive and Silicone

Ultra Foam Bond

Manufactured exclusively for Albany Foam & Supply. Used for gluing foam to foam or dacron, leather, cardboard, most plastics, polyethylene and cloth. Available in yellow or clear.

Ultra Bond Spray Adhesive

1205026A **Natural – not tinted**
(1-11)
(12+)

1205011A **Yellow tint**
(1-11)
(12+)

Upholstery Silicone Spray

This thick viscosity, heavy duty silicone is specifically formulated to provide superior all purpose lubrication and protection without the use of ozone depleting chlorinated solvents.

1205012A (1-11)
(12+)

3M Scotch-Gard Fabric Protector

Repels watery and oily liquids. Spills blot up before turning into stains. Works well on all colorfast upholstery fabrics. Does not affect hand, color, or character of fabric. One 10 oz. aerosol can protect one oversized sofa. Provides added value your customers will really appreciate. Repels water and spills, versatile protection for clothing and fabric items.

1206005A (1-11)
(12+)

3M 90 High Strength Adhesive

High contact bond strength, one-minute dry time, high temperature resistance, nonmisting precise spray control, variable width spray patterns, meets performance requirements of MMM-A-130 B.

Decorative laminate bonding to tables, cabinets, shelving. Bonds kick plates to office desks. Adheres polyethylene, polypropylene to wood, metal, many other materials. Attaches plastic sign lettering to wood.

1205009A (1-11)
(12+)

3M 76 High Tack Adhesive

Strong, one-surface bonds, high temperature resistance, nonmisting, precise spray control, variable width spray pattern, does not cavitate expanded polystyrene foam.

A unique quick-tacking adhesive with fast strength buildup. Designed to effectively bond hard-to-hold materials such as polyethylene and polypropylene. Also bonds ABR rubber, fabric, felt, cardboard, cord, foil, many plastics, etc. to themselves and to wood, metal, glass and other surfaces. Will not activate beadboard or styrofoam.

1205001A (1-11)
(12+)

3M Super 74 Foam Fast Adhesive

Fast tack, foam tearing strength, soft, non-dimpling glue line, nonmisting, precise spray control, variable width spray.

Specially formulated for bonding flexible urethane or foam to themselves or most other materials (wood, metal, plastics, etc.).

**Not recommended for vinyl bonding*

1205000A (1-11)
(12+)

3M Super 77 Spray Adhesive

High coverage, versatile - securely bonds most lightweight materials, low soak-in for long lasting bonds, fast, aggressive tack, long bonding range, meets performance requirements of MMM-A-1058A.

The original, industrial-grade aerosol adhesive - now better than ever. Extremely versatile, securely bonds most lightweight materials including metal foil, plastic films, polystyrene foam, flexible foam, fiberglass insulation, felt, cork, cardboard, etc. Not recommended for use on vinyl materials or automotive headliners.

1205002A (1-11)
(12+)

3M Silicone Lube

Fast drying, long lasting, contains no petroleum oils, 350°F temperature resistance, won't stain or become gummy, FDA acceptable, USDA acceptable.

1205003A (1-11)
(12+)

Consew Sewing Machine

1507067A **Consew 206RB-3**
complete w/stand & motor

Applications:

- For sewing light to heavy-weight materials such as leather, vinyl, upholstery, synthetics, canvas and various coated and laminated products
- Designed for stitching such products as auto, boat and furniture upholstery, tarpaulins, covers, sails, tents, camping trailer covers, awnings, umbrellas, tops, bags, luggage, handbags, travelware accessories, sports and camping equipment, wearing apparel, outdoor clothing, canvas shoes, slippers, orthopedic appliances, etc.
- Pajama and robe piping operations – Model 206RB51

Features:

- Centralized Arm Lubrication
- Reservoir-Oiled Hook with Micrometric Control Valve
- Up to three stitches to the inch
- Large Bobbin
- Large horizontal axis hook
- Bobbin can be changed without removing object being sewn
- Thread release finger (for heavy thread)
- High presser foot lift – NOW 9/16" (14mm)
- Reverse stitching
- All gear driven hook mechanism
- Safety clutch with push button re-engagement
- Stitches per minutes - 3300 max.
- Simple adjustment permits raising and lowering of the center foot which allows for sewing different thicknesses of material and thus assures positive stitching
- Needle feed and walking foot mechanism identical to Consew Model 225/226R-2 including take-up and tension
- Standard feet and attachments interchangeable with Consew Models 225/226R-2
- Uses same welt feet and needles as Consew Models 225/226R-2 and similar types
- Needle plate, foot and feed dog can be changed for special operations
- Standard attachments easily installed
- Compound feed, walking foot mechanism insures even feeding of material

INSTRUCTIONAL DVDs

"Learn To Make Slipcovers – The Removable Upholstery"

DVD – approx. 59 min.

This straightforward, hands-on guide to the art of making fitted slipcovers can be applied to all types of furniture. Investigate all the steps from tools and terminology, to measuring for yardage, blocking out and sewing each section. A variety of camera angles clarify the tricky areas as Driscoll shows you how to cut and shape the fabric to achieve a perfect fit. An excellent resource for anyone wanting to make a slipcover.

1507084A DVD

"Learn To Make Cushions & Decorative Pillows"

DVD – approx. 75 min.

Analyze and make virtually any style – easy or complex. This detailed course in cushion construction reduces all cushions and pillows into six basic units then examines various stuffings, zipper insertions, measuring techniques, corner treatments, seam embellishments, tufting, short-cuts and tips. Numerous close-ups and straightforward instruction make this an indispensable reference for beginning and advanced sewers.

The Facts About Jiffy

Jiffy is the fast, safe way to steam away wrinkles. Engineered and constructed with no short cuts, the Jiffy steamer is an efficient, dependable appliance that can be used in the home or a store for many trouble-free years.

Easy to use, the Jiffy is five times faster than ironing. Compact, lightweight and on casters, Jiffy is also easy to handle. Because Jiffy's gentle steam is the safest way to remove wrinkles from even the finest materials, you'll find countless ways of using your Jiffy Steamer:

- Especially handy when bringing out wardrobe for change of season.
- Land a beautiful finishing touch to your tablecloths.
- Brightens your decor by removing wrinkles from curtains, draperies and sheets.
- Smooth dust ruffles on upholstery.
- Renew your carpets by fluffing the nap, removing furniture marks.
- Style wigs.
- Block straw and felt articles.
- Use as a vaporizer to put moisture back into heat dried air.

1508027A Jiffy Steamer J-2
